Mission

Casa Romantica Cultural Center and Gardens is a nonprofit 501(c)3 organization and is the historic home of the founder of the City of San Clemente.

Casa Romantica provides programs for all ages in arts, music, history, horticulture and literature and is a premier Southern California cultural center.

History

Casa Romantica was built in 1927 as the family home of Ole Hanson, who founded the city of San Clemente. Following extensive restoration after decades of private use, the facility opened its doors to the community as a cultural center in 2004.

Today, Casa Romantica provides year-round programs that empower our community to preserve and to be inspired by arts and culture. We aim to create a center that is accessible to all, to maintain a world-class array of artistic and educational programming, and to share with the public our beautiful historic campus on the bluff overlooking the Pacific.
